

## Richard Milburn Academy East/West – Free Public Charter School

### STUDENT CAPACITY (SEAT AVAILABILITY) BY GRADE LEVEL:

The Florida Legislature recognizes the value of an educational system that provides numerous and meaningful options for students and their parents. In order to promote and encourage parental involvement and ensure students have access to a school that meets their needs, the Florida Legislature enacted Section 1002.3, Florida Statutes, which directs each school district to develop a controlled open enrollment plan.

Below is our student capacity/seat availability by grade level. We are required to update this information every 12 weeks.

Seat Availability as of 1/22/24:

Please note, that we actively invite to fill any vacant seats. Therefore, these numbers are fluid and will change on a regular basis.

You are encouraged to submit a new application each school year if you are interested in future enrollment. This data will be updated every 12 weeks.

GRADE LEVEL	CAPACITY	SEATS AVAILABLE
9	300	127
10	300	116
11	300	15
12	300	34

Florida has an open borders policy. Controlled Open Enrollment allows a parent from any school district in the state to enroll his or her child in and transport his or her child to any public school, including charter schools, that has not reached capacity.
